EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Keith Bergman on November 24, 2004.

The application has been amended as follows:

In the claims:

Claim 1, line 22, "portion" was deleted and --portions-- was inserted therein.

Claim 1, line 23, after 'therefrom', --,-- was inserted.

Claim 2, line 14, "circumferal" was delete and --circumferential-- was inserted therein.

Claim 3, line 6, after the first occurrence of "the", --wall-- was inserted.

Claim 3, line 7, after "removed", --,-- was inserted.

The following is an examiner's statement of reasons for allowance: None of the prior art, either alone or in combination suggest the instantly claimed method for repairing plastic pipes comprising the steps of severing the pipe, heating the inside of the pipe using a heating tool, inserting a pipe removal tool with spaced separated portions over the outer end of the damaged pipe, rotating the removal tool, and extracting the damaged pipe by moving the removal tool away from the fixture.

Tupy shows heating a plastic pipe for removal, but does not use the claimed removal tool. Hudock shows replacing a pipe fixture with a second, longer fixture. Halversen, Jr. shows heating a plastic pipe from the inside to bend the pipe. Marshall shows a pipe connecting and disconnecting tool. Worth shows the method of removing a hose from a fitting. Bryant, III shows a heating element at the joint of two plastic pipes to bond them.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
